Mr. Sivaram will participate in Confluent's Executive Officer Change in Control/Severance Benefit Plan, as described in Confluent's definitive proxy statement on Schedule 14A, filed with the Securities and Exchange Commission (the "SEC") on April 18, 2023, and enter into Confluent's standard form of indemnification agreement, a copy of which has been filed as Exhibit 10.9 to Confluent's Registration Statement on Form S-1, filed with the SEC on June 1, 2021. Dear Rohan,

We are pleased to promote you to the role of the Chief Financial Officer of Confluent, Inc. (the "Company" or "Confluent"), effective August 16th. This letter confirms the terms and conditions of your employment in that role.

1. **Position**. You are serving in a full-time capacity, and working remotely from California. In your new role as Chief Financial Officer, you will be reporting to the Chief Executive Officer, Edward Jay Kreps. The Company may change your position, duties, and work location from time to time in its discretion.

2. Cash Compensation and Benefits.

As of August 16, 2023, your base salary will be \$410,000 per year, which will be paid in accordance with the Company's normal payroll procedures and subject to applicable payroll withholdings and deductions. As a full-time, regular employee of Confluent, you will continue to be eligible for company benefits in accordance with the Company's applicable benefit plans and policies for similarly situated employees, subject to plan terms, generally applicable Company policies, and any applicable waiting periods.

In addition, as of August 16, 2023, you will be eligible to earn an annual discretionary bonus in the target amount of \$246,000, less any applicable taxes and withholdings, under the terms and conditions of the Confluent, Inc. Cash Incentive Bonus Plan, and prorated from August 16. The amount of this bonus will be determined in the sole discretion of the Company and may be based on your performance and/or the performance of the Company during the calendar year, as well as any other criteria the Company deems relevant.

The Company may change your compensation and benefits from time to time in its discretion.

3. **Equity**. You have previously been granted one or more equity awards by the Company, which shall continue to be governed in all respects by the terms of the applicable equity agreements, grant notices, and equity plans.

Subject to the approval of the Company's Board of Directors, you will be granted a restricted stock unit award ("RSU") with respect to the Company's common stock with a promotion grant value of USD \$5,450,000. The number of shares of the Company's common stock subject to the RSU will be

determined by the Company's Board of Directors in its sole discretion. The RSU will be subject to the terms and conditions applicable to RSUs granted under the Company's 2021 Equity Incentive Plan, as described in that plan and the applicable RSU agreement, which you will be required to sign.

The RSU will vest only if a service-based condition is met, as described in the applicable RSU agreement. You should consult with your own tax advisor concerning the tax risks associated with accepting an RSU with respect to the Company's common stock.

- 4. **The Company's Policies and CIIAA.** You will continue to be expected to abide by Company policies and procedures, as in effect from time to time. In addition, your signed Confidential Information and Invention Assignment Agreement ("CIIAA") with the Company will continue to remain in effect and binding upon you.

- 7. **No Prior Conflicts and Duty of Loyalty.** You confirm that you are not subject to any consent decree, court or arbitral order or agreement with any former employer or third party that prohibits you from working for Confluent and that you are able to carry out your duties without breaching any legal restrictions imposed by a current or former employer or other third party to whom you have contractual obligations. You also agree that, during the term of your employment with the Company, you will not engage in any other employment, consulting or other business activity without the written consent of Confluent.

You acknowledge and agree that upon your execution of this letter agreement, you will no longer be eligible for, nor entitled to, any cash compensation or benefits (including without limitation, any severance or change in control benefits) under any prior employment terms, offer letter or employment agreement you may have entered into or discussed with the Company, other than as expressly referred to in this confirmatory offer letter. This letter agreement, together with your CIIAA, equity agreements, the Severance Plan (including your Participation Agreement) and other agreements referenced herein, forms the complete and exclusive agreement regarding the subject matter hereof. It supersedes any other representations, promises, or agreements, whether written or oral. - Second quarter Confluent Cloud revenue of \$84 million, up 78% year over year
- Remaining performance obligations of \$791 million, up 34% year over year
- 1,144 customers with \$100,000 or greater in ARR, up 33% year over year

MOUNTAIN VIEW, Calif. -- **August 02, 2023** -- **Confluent, Inc. (NASDAQ: CFLT)**, the data streaming pioneer, today announced financial results for its second quarter of 2023, ended June 30, 2023.

"Data streaming is a mission critical component of the modern data stack," said Jay Kreps, co-founder and CEO, Confluent. "That's evidenced by our beat of guided metrics every quarter that we've been public, including this second quarter where we saw a strong 78% year-over-year growth in Confluent Cloud revenue. Our rapid pace of innovation is fueling customer demand and success."

"We delivered another strong quarter, with 36% revenue growth and more than 20 points of improvement in both GAAP and non-GAAP operating margins year over year," said Steffan Tomlinson, CFO, Confluent. "These results underscore our leadership position in a \$60 billion data streaming market, and our team's track record of driving durable and efficient growth."

Second Quarter 2023 Financial Highlights

(In millions, except per share data and percentages)

	Q2 2023	Q2 2022	Y/Y Change
Total Revenue	\$189.3	\$139.4	36%
Remaining Performance Obligations	\$791.4	\$591.3	34%
GAAP Operating Loss	\$(119.4)	\$(117.3)	\$(2.1)
Non-GAAP Operating Loss	\$(17.3)	\$(46.8)	\$29.5
GAAP Operating Margin	(63.1%)	(84.1%)	21.0 pts
Non-GAAP Operating Margin	(9.2%)	(33.5%)	24.3 pts
GAAP Net Loss Per Share	\$(0.35)	\$(0.42)	\$0.07
Non-GAAP Net Income (Loss) Per Share	\$0.00	\$(0.16)	\$0.16
Net Cash Used in Operating Activities	\$(29.1)	\$(33.5)	\$4.4
Free Cash Flow	\$(35.2)	\$(36.9)	\$1.7

A reconciliation of each non-GAAP financial measure to the most directly comparable GAAP financial measure is provided in the financial statement tables included in this press release. For a description of these non-GAAP financial measures, including the reasons management uses each measure, please see the section titled "Non-GAAP Financial Measures."

Financial Outlook

For the third quarter and fiscal year 2023, Confluent expects:

	Q3 2023 Outlook	FY 2023 Outlook
Total Revenue	\$193.5-\$195.5 million	\$767-\$772 million
Non-GAAP Operating Margin	~ (10%)	~ (10%)
Non-GAAP Net Income (Loss) Per Share	\$(0.01)-\$0.00	\$(0.05)-\$(0.02)

A reconciliation of forward-looking non-GAAP operating margin and non-GAAP net income (loss) per share to the most directly comparable GAAP measures is not available without unreasonable effort, as certain items cannot be reasonably predicted because of their high variability, complexity and low visibility. In particular, the measures and effects of our stock-based compensation expense specific to our equity compensation awards and employer payroll tax-related items on employee stock transactions are directly impacted by the timing of employee stock transactions and unpredictable fluctuations in our stock price, which we expect to have a significant impact on our future GAAP financial results.

Confluent assumes no obligation to, and does not currently intend to, update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Non-GAAP Financial Measures

This press release includes the following non-GAAP financial measures: non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses (research and development, sales and marketing, general and administrative), non-GAAP operating loss, non-GAAP operating margin, non-GAAP net income (loss), non-GAAP net income (loss) per share, free cash flow, and free cash flow margin. We use these non-GAAP financial measures and other key metrics internally to facilitate analysis of our financial and business trends and for internal planning and forecasting purposes. We believe these non-GAAP financial measures, when taken collectively, may be helpful to investors because they provide consistency and comparability with past financial performance by excluding certain items that may not be indicative of our business, results of operations, or outlook, However, non-GAAP financial measures have limitations as an analytical tool and are presented for supplemental informational purposes only. They should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. In particular, other companies, including companies in our industry, may report non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses (research and development, sales and marketing, general and administrative), non-GAAP operating loss, non-GAAP operating margin, non-GAAP net income (loss), non-GAAP net income (loss) per share, free cash flow, free cash flow margin, or similarly titled measures but calculate them differently, which reduces their usefulness as comparative measures. Further, free cash flow is not a substitute for cash used in operating activities. The utility of free cash flow is limited as such measure does not reflect our future contractual commitments and does not represent the total increase or decrease in our cash balance for any given period. Investors are encouraged to review the reconciliation of these non-GAAP measures to their most directly comparable GAAP financial measures, as presented below. We define non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses (research and development, sales and marketing, general and administrative), non-GAAP operating loss, non-GAAP operating margin, non-GAAP net income (loss), and non-GAAP net income (loss) per share as the respective GAAP balances, adjusted for, as applicable, stock-based compensation expense; employer taxes on employee stock transactions; amortization of acquired intangibles; common stock charitable donation expense; acquisition-related expenses; restructuring and other related charges; amortization of debt issuance costs; and income tax effects associated with these adjustments. We define free cash flow as net cash used in operating activities less capitalized internal-use software costs and capital expenditures and free cash flow margin as free cash flow as a percentage of revenue. We believe that free cash flow and free cash flow margin are useful indicators of liquidity that provide information to management and investors about the performance of core operations and future ability to generate cash that can be used for strategic opportunities or investing in our business.

Other Business Metrics

Remaining performance obligations ("RPO") represent the amount of contracted future revenue that has not yet been recognized as of the end of each period, including both deferred revenue that has been invoiced and non-cancelable committed amounts that will be invoiced and recognized as revenue in future periods. RPO excludes pay-as-you-go arrangements. RPO may also fluctuate due to a number of factors, including the timing of renewals, average contract terms, seasonality, and dollar amount of customer contracts. RPO as a metric is not necessarily indicative of future revenue growth because it does not account for the actual timing of customers' consumption or future expansion.

Customers with \$100,000 or greater in annual recurring revenue ("ARR") represent the number of customers that contributed \$100,000 or more in ARR as of period end. We define ARR as (1) with respect to Confluent Platform customers, the amount of revenue to which our customers are contractually committed over the following 12 months assuming no increases or reductions in their subscriptions, and (2) with respect to Confluent Cloud customers, the amount of revenue that we expect to recognize from such customers over the following 12 months, calculated by annualizing actual consumption of Confluent Cloud in the last three months of the applicable period, assuming no increases or reductions in usage rate. Services arrangements are excluded from the calculation of ARR. Prior to the first quarter of 2023, ARR with respect to Confluent Cloud customers excluded pay-as-you-go arrangements and was based on contractual commitments over the following 12 months, regardless of actual consumption. We adjusted our methodology for calculating ARR commencing with the first quarter of 2023 to incorporate actual consumption of Confluent Cloud and applied this change retroactively. For purposes of determining our customer count, we treat all affiliated entities with the same parent organization as a single customer and include pay-as-you-go customers. Our customer count is subject to adjustments for acquisitions, consolidations, spin-offs, and other market activity.

Dollar-based net retention rate ("NRR") as of a period end is calculated by starting with the ARR from the cohort of all customers as of 12 months prior to such period end ("Prior Period Value"). We then calculate the ARR from these same customers as of the current period end ("Current Period Value"), and divide the Current Period Value by the Prior Period Value to arrive at our dollar-based NRR. The dollar-based NRR includes the effect, on a dollar-weighted value basis, of our Confluent Platform subscriptions that expand, renew, contract, or attrit. The dollar-based NRR also includes the effect of annualizing actual consumption of Confluent Cloud in the last three months of the applicable period, but excludes ARR from new customers in the current period. Our dollar-based NRR is subject to adjustments for acquisitions, consolidations, spin-offs, and other market activity.
